- Tomato__healthy: 0.94
- Pepper,_bell_healthy: 0.03
- Cherry(including_sour)_healthy: 0.01

Treatment Recommendations

! Your Tomato appears to have:

General recommendations:

- Remove and destroy affected leaves
- Improve air circulation around plants
- Avoid overhead watering to reduce humidity
- Consider appropriate fungicide/bactericide based on the specific disease
- Consult with a local agricultural extension for specific treatment options
